

Chumpholphonphisai School Announcement

Goodwill in CP School administration

Chumpholphonphisai school focuses on managing the organization with good governance and it also emphasizes the prevention and suppression of all forms of corruption and misconduct. In order to be faithful and confident in society, CP School is a good governance organization as the administrator. We would like to announce our intention how to manage our school with honesty, transparency and accountability. To be ready to have responsibility, resist all forms of dishonesty, promote and support all government officials including personnel under control with honesty, integrity, transparency, efficient operation without corruption under the following policies :

1. Transparency : We reveal the information about the mission including procurement information annual budget. We also let the people or stakeholders have the opportunity to take part in the audit.

2. Administration : Adhere to the principles of compliance with the policy, regulations, the right methods then treat them together with equality and justice. There is a clear school management system.

3. Moral culture in organization: All staffs in the school act with integrity. They don't use their position for their own benefit. They don't ignore all types of corruption either. They also take action to prevent the corruption as well. Moreover they create good values for their organization.

4. Responsibility towards the organization and service recipients: We intend to do the work as officials efficiently. We don't break the law and the rules and we also provide the good service to the recipients, give them facilities, have responsibility for deficiencies and improve it.

5. Participation of personnel and communities : Provide the opportunities for the participants, service recipients and the community in order to get the information from school, we also suggest the ideas for improving our school's operation efficiently.
